A bottle-conditioned golden-coloured ale that combines Pilsner malts and Bohemian hops.

MEANTIME YAKIMA RED 4.1% 330ml (UK) - £4.95

DRAUGHT BEERS

PILSNER URQUELL 4.4% (Czech Republic) - £4.95

In 1842 the world's first golden pilsner was created in Pilsen.

Pilsner Urquell beer is made in the same way, in the same place, from the same farming regions in the Czech Republic.

A perfect balance of fuller flavours, caramel sweetness, pleasing bitterness and a stunning clean finish.

MEANTIME LONDON LAGER 4.5% (UK) - £4.95

East Anglia is home to the world's finest malting barley and Kent is home to some of the world's best hops. Midway between the two, London is ideally placed to bring them together in a straightforward, clean, long-matured, unpasteurised lager, where all you can taste is malt and hop.

MEANTIME LONDON PALE ALE 4.3% (UK) - £4.95

One hundred and fifty years ago the new bitter beer style, Pale Ale, was so popular that brewers had to import Californian hops to meet demand. Meantime London Pale Ale continues that tradition by combining lots of American Cascade and Centennial hops to give it a complex citrus aroma and buckets full of local Kentish Goldings to provide the bitterness that makes the style so refreshing. Together they conspire to assail the nose with a complex, heady mix of spearmint, grass and 'hop sack' aromas, fruity citrus flavours and a bitter finish that makes pale ale drinking a truly rewarding experience.

GIN & TONIC

The gin & tonic is a classic, the perfect double act.

The quintessential British cocktail.

First up: pick your gin. There are a multitude of top artisanal gins on the market, but the spirit you select should be based on what sort of flavour profile you're after. For a classic, juniper forward gin, we recommend Sipsmith Gin.

For something with a little more citrus, Portobello Road Gin or Bathtub is a good choice and for a floral flavoured gin, Hendrick's, Bloom or The Botanist work wonderfully.

Having chosen your gin, it's time to move on to the tonic. Much time is spent selecting the ideal gin, but ¾ of this national favourite is in fact made up of tonic. Given the proportions, we believe the tonic is of crucial importance when creating our iconic G&T.

Juniper & Citrusy gins work beautifully with classic Fever Tree Indian Tonic; the delicate botanicals in floral gins are complimented by Fever Tree Elderflower Tonic.

Once you've decided on your gin & tonic, make sure you have the correct garnish, which should be chosen to enhance the aroma on the nose. Different gins have varying botanical elements and will therefore suggest a specific garnish. For example, Hendrick's garnish of choice is a slice of cucumber. However, an unsqueezed wedge of lime is the standard.
